#### NGS Tech Access program

IDT is committed to providing our customers with high-performance products for researchers working on the cutting edge of scientific discovery. The NGS Tech Access program at IDT is intended to accelerate innovation by enabling earlier access to our most advanced genomics tools. However, Tech Access products are not functionally QC-tested. These products are particularly well suited to experienced researchers who require the most up-to-date technology to unlock new discoveries.

IDT verifies that the information contained herein is true and correct to the best of our knowledge. This document was produced electronically and is valid without signature.
